**JCAHO Public Notice**

**Date:** 02/22/06

PHOENIX, Ariz. (Feb. 22, 2006)- The Joint Commission on Accreditation of Healthcare Organizations will conduct an accreditation survey of Phoenix Children's Hospital.

The purpose of the survey will be to evaluate the organization's compliance with nationally established Joint Commission standards. The survey results will be used to determine whether, and the conditions under which accreditation should be awarded the organization.

Joint Commission standards deal with organizational quality of care issues and the safety of the environment in which care is provided. Anyone believing that he or she has pertinent and valid information about such matters may request a public information interview with the Joint Commission's field representatives at the time of survey. Information presented at the interview will be carefully evaluated for relevance to the accreditation process. Requests for a public information interview must be made in writing and should be sent to the Joint Commission no later than five working days before the survey begins. The requests must also indicate the nature of the information to be provided at the interview. Such requests should be addressed to:

Division of Accreditation Operations  
Office of Quality Monitoring  
Joint Commission on Accreditation of Healthcare Organizations  
One Renaissance Boulevard  
Oakbrook Terrace, IL 60181  
or Faxed to 630-792-5636  
or E-mailed to [complaint@jcaho.org](mailto:complaint@jcaho.org)

The Joint Commission will acknowledge such request in writing or by telephone and will inform the organization of the request for any interview. The organization will, in turn, notify the interviewee of the date, time, and place of the meeting.

This notice is posted in accordance with the Joint Commission's requirements and may not be removed before the survey is completed.

Phoenix Children's Hospital is Arizona's leader in pediatric care and is one of the 10 largest free-standing children's hospitals in the nation. The most comprehensive array of pediatric specialists in the State practice at this one organization. The outstanding clinical expertise, as well as high patient volume, and an unwavering commitment to caring only for children, all contribute to Children's leadership position. For information about Phoenix Children's, visit the Hospital's award-winning website at [www.phoenixchildrens.com](http://www.phoenixchildrens.com).
