

**PHOENIX CHILDREN'S** *Hospital*

December 13, 2007

Dear Families and Visitors,

Beginning December, 14, 2007 at 5:00 am, visitors must be at least 12 years old to visit Phoenix Children's Hospital. This is being done to help prevent the spread of respiratory viruses to our patients. You may hear staff members refer to this as "RSV or Respiratory Virus Restrictions".

If you have questions or concerns please ask the members of your healthcare team so they may provide answers to your questions and help as needed. Please also refer to education handouts that can be found in the Front Lobby, Emergency Room, Emily Center and Patient Care Areas. These handouts will provide more information about respiratory viruses.

We thank you in advance for helping us provide the best care for children who are admitted to Phoenix Children's Hospital.

Sincerely,  
Infection Control Department
